

# FILMING ON HYDRO TASMANIA PROPERTY

---

## Statement of Intent:

Hydro Tasmania will allow filming on its property (under prescribed terms and conditions), providing the purpose is in promoting community awareness, and understanding and support for its activities, and is carried out in a manner that does not compromise operational, environmental and other management objectives.

## The Filming Policy Objectives are to:

- Promote awareness and understanding of its operation
- Protect the Hydro's operational, environmental and management objectives
- Ensure the safety of employees and the public
- Provide a financial return for the cost of maintaining and managing its resources where the filming is for commercial purposes.

## These Objectives will be achieved by:

- Issuing Permits to commercial organisations which apply for filming permission in selected areas and at specified times and dates,
- Corporate Affairs administering the Permits in conjunction with Land and Facilities Management and the relevant business unit
- Applicants observing the *Commercial Filming Guidelines* which complement this Policy

The Hydro will prohibit filming on its lands and lakes where its operation, safety of its employees, the public or its infrastructure assets are compromised.

Commercial filming is defined as:

*Any filming which is undertaken for a financial consideration, either on consignment for another party or with a view to selling or hiring the imagery obtained, or for promotion of a product or service, and includes still photography for advertising purposes.*
